DETAILED ACTION

Reissue Applications

The text of those sections of Title 35, U.S. Code 251 not included in this action can be found in a prior Office action. See reference to actions in the discussion below.

Response to Arguments

Applicant's arguments filed 8/24/05 have been fully considered but they are not persuasive. The rejection of 6/30/05, paragraph 2 is maintained, the rejection is a copy of rejections of 3.4/03 paragraph 6 and rejection of 10/02/01, for claims 15-18, which apply to present claim 15, and its dependent claims 16-18, and 23.

On paper of 4/13/04 (allowance and Examiner's amendment) claims 19-122 are canceled, and the limitation of claim 21 was inserted in claim 15, to place the claims in conditions for allowance, as agreed (see Examiner's amendment). The present claim 15 as filed on 2/23/05, the added limitation (by the amendment) is again deleted from the claim, which again reactivates the "recapture rejection", therefore, the later rejection of claims 1-18 and 23 is maintained.

Applicant argues in remarks of 8/24/05, page 1, that the rejected language appears in claims 1 and 9, however, claims 1-14 are indicated as being allowed.

Regarding to the spacing to the fibers by the potting material, applicant is directed to the specification (patent 5,783,083), column 12, lines 1-68, and column 13, lines 1-16, where it is clearly disclosed that the "flexible support means" and the "potting material" constitute distinct elements of the headed or body supporting the end of the fibers. The

"flexible support means is not the potting resin. For this reasons, amendment of the claims as the previous allowance is required to place the claims in conditions for allowance again.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
